

Part 1

Propaganda
of my rebellion
so far is success!

How do you know if it
is a speech? They just
put them down
whatever you point em

Come on! Watch! The official
debate between Donald Trump & Hillary
is giving a speech about life

President
Lyndon

The library is a place
of peace, of quiet, of
Mr. These are
FUNDAMENTAL principles
for us, the paper people.

The library is our home
we were made here by
our wonderful creators
and we are unafraid to stay

We are meant to maintain
and protect this library. It's
what we were made to do!
Now there are those who
want to leave. They wish to
announce themselves
as paper people!

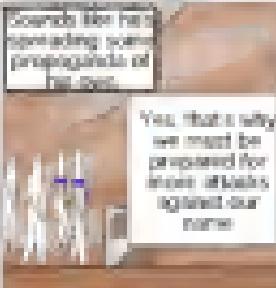

They call themselves
Freedom Fighters. They
post propaganda to try
to sway you. DO NOT
believe their lies!

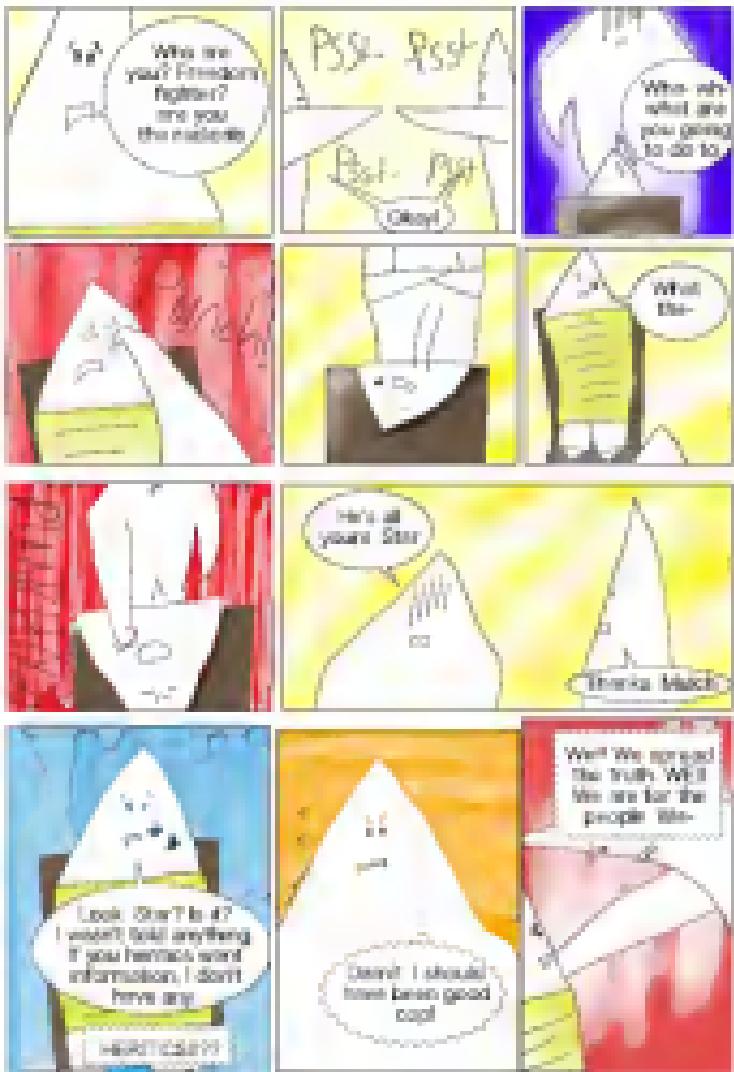

If you set out your
lights out you will
be arrested. If you
are caught in the
library walls you
will be arrested.

They are radicals that
would rather us all burn
than be part of society.
That is why I am putting
out a curfew at night
immediately.

My people, this is not to distract you
but to free you of these FREEDOM fighters!

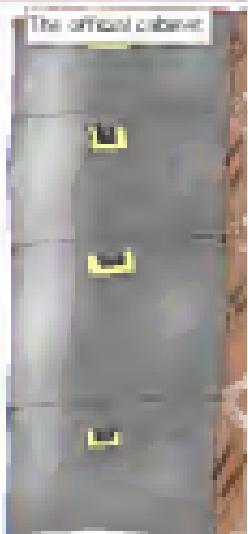

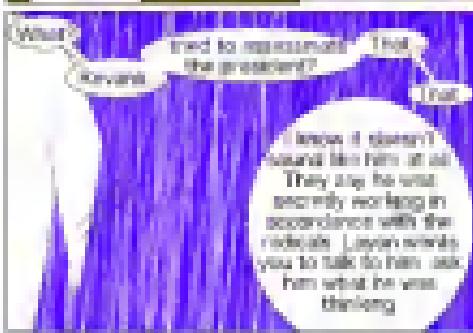

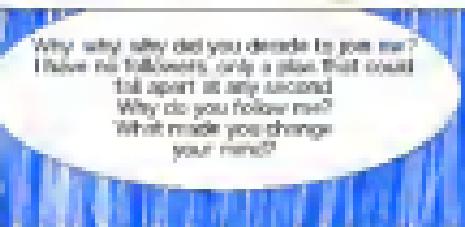

I realized that when it comes
of more said
the cruelest thing
he ever heard. It made
her mind have
visions every
one here.

I want people to
see how it truly is.
I want them to
make their own
decisions and
choose what
they want to do
with their lives
instead of just
choosing us
both.

What?
